

[BluePearl Veterinary Partners](#) in Southfield, MI is seeking an experienced Licensed Technician to join our busy and well-established Surgery team.

We are looking for a technician that is confident in placing intravenous catheters, administering injectable medications, monitoring anesthesia, taking digital pre and post op radiographs and wants to advance their technical skill set.

If you are wanting to take the next step in your career and work with veterinary professionals that share your same passion for exceptional patient care, don't wait and [apply](#) today!

You can also reach out directly to kelli.ready@bluepearlvet.com to learn more.

Why our Southfield location?

Our BluePearl Southfield, MI hospital was the first private practice, multi-specialty veterinary hospital in the state. Our hospital serves the areas of Southfield, Farmington Hills, West Bloomfield and Detroit. We provide 24/7 emergency care and have well-established specialty services including behavioral medicine, cardiology, critical care, dermatology and allergy treatment, internal medicine, neurology, oncology, ophthalmology, radiation oncology, radioiodine I-131 feline hyperthyroidism treatment, radiology and diagnostic imaging and surgery. The equipment at our 38,000-square-foot hospital includes a CT scanner, MRI, linear accelerator, endo-laser and digital radiography.
