

**ANIMAL SURGICAL CLINIC**  
of SEATTLE

A Better Way To Operate + Since 1986

## **Animal Surgical Clinic of Seattle is seeking Licensed Veterinary Technicians**

[www.animalsurgical.com](http://www.animalsurgical.com) 206-545-4322

Animal Surgical Clinic of Seattle is seeking Licensed Veterinary Technicians to fill daytime, swing shift and overnight positions. The swing and overnight positions are for 4 nights/week.

Established in 1986, Animal Surgical Clinic of Seattle is a highly respected, **privately owned and operated** surgical referral practice. Our caseload consists of a wide variety of small animal orthopedic and soft tissue procedures, including laser surgery, CT scans, arthroscopy and total hip replacements.

Candidates must be currently licensed in Washington or licensed in another state and eligible in Washington or prepared to pass the VTNE.

Our technicians are utilized to the highest level of their ability. Major job duties include radiology, calculation and administration of induction drugs, CRI's and establishing a protocol with the surgeon for pre and post-op medications, pain management, bandage and splint placement, client communication and pre and post-surgical nursing.

Full -time employee benefits include:

- \*Medical/Vision/Dental/Life Insurance
- \*Profit-sharing and 401K plan
- \*Generous paid vacation and paid holidays
- \*Generous Continuing Education benefits
- \*Medical Scrub Allowance
- \*Monthly Happy Hours and CE events throughout the year

We are open Monday through Friday.

Wages are DOE and highly competitive
